

EC2380-AB (USB2380 Evaluation Board)

The EC2380-AB is evaluation board for USB 2380-AB, an ExpressCard (PCI Express Gen 1) to USB 2.0 Hi-Speed Peripheral Controller. It features one ExpressCard (PCI Express Gen 1 x1) port and one USB 2.0 Hi-Speed client port. The EC2380-AB provides a matching bandwidth at 2.5GT/s between the PCI Express Gen 1 bus and the USB 2.0 Hi-Speed bus. The controller can easily add a USB 2.0 client port to an existing system such as laptop PC with ExpressCard slot, as well as convert an existing PCI Express function (endpoint) to a USB 2.0 product. The EC2380-AB can configure the ExpressCard as one x1 upstream port or one x1 downstream port. The flexibility allows different system configurations to achieve the maximum performance of the product.

Specification:

USB 2.0 Client Interface

- ◆ USB 2.0 Specification Compliant
- ◆ 1 upstream port
- ◆ Supports Hi-Speed, Full-Speed modes
- ◆ Four Descriptor-based DMA channels for automatic data transfers
- ◆ Supports USB Duet® Technology
- ◆ USB Auto-Enumeration Technology
- ◆ Support for Bulk, Isochronous, and Interrupt Endpoints
- ◆ USB 2.0 link power management states: L0, L1, L2
- ◆ Micro B Receptacle connector

ExpressCard (PCI Express) Interface

- PCI Express Gen 1 (2.5Gbps)
- Electrical Compliance to PCI Express Base Specification r2.0
- PCIe interface and integrated root complex provides two configurations:
 - one x1 upstream port
- PCI Express Power Management
 - All link power management states: L0, L0s, L1, L2/L3 Ready, and L3
 - Device states: D0 and D3(hot & cold)
 - Vaux, Wake#, Beacon support
- 256 byte maximum payload size
- ExpressCard 1.0 compliance

Note: Software development is required. To obtain RDK, please contact PLX Sales Representative or Distributor;

Applications

Target applications for the **EC2380-AB** adapter as a PCI Express endpoint include PCs, servers, docking stations, printers, and PCI Express embedded systems.

EC2380-AB application

Add a USB 2.0 Client Port to ExpressCard-Based Systems

The EC2380-AB can be used to easily add a USB 2.0 client port to any ExpressCard based embedded system.

EC2380-AB Contents

EC2380-AB
(ExpressCard to USB 2.0 Adapter) x1

USB 2.0 A Male to Micro B Cable x1

SPB087
(ExpressCard 34 to 54 Bracket) x1
