

## TH03 ( ExpressCard 54 Thunderbolt Adapter)

**ExpressCard 54 Thunderbolt Adapter** designed for ExpressCard devices with USB2.0 or PCIe interface  
It is easy to set up. Quickly and easily adds one ExpressCard to thunderbolt port on desktop or notebook computers

Set up for this adapter is simple—just connect it directly to your computer or at the end of a Thunderbolt device chain with a Thunderbolt cable (not included, sold at the [Apple Store](#))—that's it. There's no driver to install and no power supply to plug in. Plug the ExpressCard card into the TH03 Adapter as you would into a notebook computer's ExpressCard slot

### Key Features:

- ◆ **Expands Your Computer's Connectivity and Capabilities**  
Enables you to use ExpressCard 54 adapters with Thunderbolt technology-equipped computers
- ◆ **Fast Interface**  
High-performance 10 Gb/s Thunderbolt technology, 5 Gb/s ExpressCard/34 2.0 interface
- ◆ **Supports Common ExpressCard/54 Adapters**  
Supports USB2.0 or PCIe 2.0 expresscard

### Specification:
